Maie Darling:-

Well at last I have had an easy day. we got all through with work this afternoon at about 4:00 o'clock and have been killing time ever since. If I had had the car I would have driven home to spend the evening with you.

Tomorrow at 2:35 we leave for Indianapolis via Detroit, at least that is the latest dope. I will wire you if there is any change in the order. You will get me by phone. Telegram or letter ^{U.S. Army} Co of State Mustered Officer, Indianapolis, Indiana.

I am not going to have you send my overcoat or heavy sweater until I find out where I am going to be. Major Keene says we won't have to work anywhere

Mel called me up last night
to tell me he had sent the gun,
but it has not arrived yet. I hope
it comes before I leave because
it is hard for things like that
to catch you when you are moving
all over the country.

Kiss my dear Babies Honey

tomorrow. All my love sweet
